

REMARKS

Reconsideration and allowance in view of the foregoing amendments and the following remarks is respectfully requested.

Claims 5-8 remain pending in the application.

Applicant appreciatively notes that claims 5-7 are allowed and claim 8 would be allowable if rewritten to overcome the rejections under 35 USC §112, second paragraph, and to include all the limitations of the base claim and any intervening claims.

The drawings are objected to as noted in the Office Action. In response, replacement Figure 2 is being submitted concurrently herewith. Accordingly, the objection should be withdrawn.

The disclosure is objected to because of the noted informalities. Applicant submits that a Substitute Specification was filed at the time of filing the application as noted on the 371 Acceptance Letter dated July 12, 2007, which addressed the noted informalities. Applicant respectfully requests that the objections to the specification be withdrawn.

Claim 7 (actually claim 8) is rejected under 35 USC §112, second paragraph, as being indefinite. In response, claim 8 has been amended and accordingly the rejection should be withdrawn.

All objections and rejections having been addressed, it is respectfully submitted that the present application should be in condition for allowance and a Notice to that effect is earnestly solicited.

The Examiner is invited to telephone the undersigned, Applicant's attorney of record, to facilitate advancement of the present application.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 07-1337 and please credit any excess fees to such deposit account.

Respectfully submitted,
